FEDERATION OF LABOR

Representatives of Toiling Masses In Annual Convention.

DELEGATES FROM FOREIGN UNIONS.

Three of the Delegates are Women And Two Other Delegates are Descendants of Ham — Address By President Gompers.

Louisville, Dec. 6.—The 20th annual convention of the American Federation of Labor, came to order in Music hall. The American flag was very much in evidence in the decorations.

When the president's gavel announced the opening of the first session, 217 delegates took seats and the convention was on. Among the delegates present were representatives of the British trades union congress, and the Canadian trades and labor congress, three women delegates and two colored. President Gompers in a few words introduced William M. Higgins, editor of the Irish-American of Louisville, who delivered the address of welcome to which President Gompers replied. Thomas Tracey of Boston, chairman of the committee on credentials, presented the report of that committee. The reading consumed 30 minutes and was substantially as follows: The committee had examined the credentials of 205 delegates, representing 61 national and international unions, 10 state branches, 42 central labor unions, 59 local trades unions and three foreign federations. The report was unanimously adopted and the delegates were seated.

Gompers' Address.

President Gompers in his annual address said our economic and social life presents new and complete problems. The century opening before us requires the keenest appreciation on the part of all, that upon ourselves and upon our unity in sentiment, constitution and action lies the safety of the future manhood, womanhood and childhood of our country. There have been no rights accorded unless they have been conquered through unity, the wisdom and the willingness of those who have acquired them, to bear burdens and make sacrifices. What is true of the past is true of the present and will be equally true in the future. To organize the yet unorganized workers; to build up national and international unions, to make our organizations daily more effective to defend toilers; to protect and promote their interests in every way, to assure beyond all peradventure the vantage ground already gained; to progress continually in abolishing that which the workers, their wives and their children have too long borne, and the achievement of that justice to which they are entitled. The success of these, as typified by our great cause, now and for all time to come rests entirely upon the working class itself. The past year has witnessed a most remarkable growth in organization among the workers, who have realized that there is no protection for their interests or hope for justice or freedom for the future unless it results from the unity of the wage-working masses. There have been issued direct from the American Federation of Labor during the past year 849 charters—to national and international unions 14, state federations of labor 5, central labor unions 96, local trade unions (having no national) 484, federal labor unions 250. At the end of the fiscal year, Oct. 31, 1900, affiliated with the American Federation of Labor were 82 national and international unions, 16 state federations, 206 city central labor unions and 1,051 local trade unions and federal labor unions. There were issued during the year from national and international unions and the American Federation of Labor, direct charters to 3,375 newly formed unions; 348 charters surrendered or unions disbanded, leaving a net increase of unions for the year of 3,027, and a gain in membership of 294,329. Our movement seeks, and has to a considerable extent secured a diminution in the number of strikes, particularly among the best organized. The more thoroughly the workers are organized in their local and national unions and federated by common bond, policy and polity the better will they be able to avert strikes and lockouts, secure conciliations and, if necessary, arbitration; but it must be voluntary arbitration or there should be no arbitration at all. The American Federation of Labor has upon all occasions declared that trades unions should open their portals to all wage-workers, irrespective of creed, color, nationality, sex or politics. Nothing has transpired in recent years which has called for a change of policy upon this question. The alien contract labor law falls far short of ac-

complishing what it was originally intended to do for the reason that violators of the law are easily and systematically coached how to pass the inspection. The enactment of wise and beneficent legislation in the interests of the toiling masses of the country must still be demanded until all the wrongs from which the toilers suffer are abated.

Secretary Frank Morrison reported receipts \$34,368 more than last year, \$2,752 having been added to the general balance. Receipts, per capita tax, \$42,085; expenses increased \$38,774, of which \$16,399 was for salaries and general organizers.

Treasurer John B. Lennon reported receipts \$79,675, and expenses \$68,373. Total funds on hand \$12,301.

AFRIKANDER CONGRESS.

Immense Throng Gathered—Cannon Trained on Meeting Place.

Worcester, Cape Colony, Dec. 6.—The attendance at the Afrikaner congress is expected to be fully 4,000. The hotels are filled to their capacity. The Afrikaners ridicule the idea of trouble. They say they can surely air their grievances without resorting to violence. They are greatly incensed at the posting of guns in positions commanding the meeting place. The slopes surrounding the town are crowned with artillery and troops with cannon have been posted on Galloway Hill and Prospect Hill.

Censure Then Shooting.

Williamson, W. Va., Dec. 6.—In a street duel the Rev. John W. Wohl, who fired the first shot, seriously wounded S. David Stokes, a prominent attorney, who drew his revolver and shot twice, killing Wohl. The quarrel began about a cartoon illustrating Mr. Wohl's criticism of a German given by the Cotillion club which was resented by Stokes, a society leader. Mr. Wohl was one of the ablest Presbyterian preachers in the state.

Making a Bad Impression.

London, Dec. 6.—A dispatch from Peking says the filibustering character of the Kalgan and similar expeditions projected have given a very bad impression. There is danger of the Chinese regarding the allies as nothing more nor less than brigands. Explanatory proclamations should be issued in regard to the expeditions in order, as far as possible, to diminish their harmful effects.

Preacher's Cause For Divorce.

Youngstown, O., Dec. 6.—The Rev. Lincoln Davis, who resigned his pastorate here last January and engaged in life insurance business, was granted a divorce in Cleveland on his complaint that his wife did not keep house properly. He testified that she would appear in calico dress when couples came to be married, received company in her stocking feet and refused to attend church.

Bryan Undaunted.

Fort Worth, Tex., Dec. 6.—Will R. Morris, state national organizer in Texas of Bryan clubs among traveling men, received the following from William J. Bryan: "We have made the best fight we could for the principles which all believe to be American, and we must continue to do our duty as we see it regardless of temporary reverses."

Thetis as Good as New.

San Francisco, Dec. 6.—The revenue cutter Thetis, on which repairs costing \$150,000 have just been made in this city, will have her machinery overhauled at the Mare Island navy yard and will go into commission. The old vessel has been largely rebuilt and is pronounced as good as new.

Welcome For Oom Paul.

The Hague, Dec. 6.—At the opening of the second chamber the president, J. G. Glichman said: "President Kruger arrives here today. He will take up his residence here. I take the occasion to propose that the chamber authorize me to welcome in its name the president to our country and offer him an expression of our cordial sympathy." The proposal was adopted amid cheers and bravos. When Mr. Kruger arrived he was greeted at the station by the burgomaster and counselors. A choir of 600 men and girls chanted Psalm lxii 6, 7 and 11. Mr. Kruger and suite repaired to the royal waiting room where the burgomaster warmly welcomed them in a brief speech. The address, after a long eulogy of the heroism of the Boers, proceeded to liken Mr. Kruger to William the Silent, who sacrificed everything for the welfare of his people. Mr. Kruger and the reception committee proceeded in open carriages to the Hotel Des Indes which was resplendent with flags and bunting. There a bevy of women, headed by Baroness Von Harinxma, greeted the Boer statesman and a choir sang a hymn. Mr. Kruger mounted the staircase, preceded by three girls strewing blossoms. On his arrival in the reception room, the Baroness presented Mr. Kruger a bouquet.

Towne Accepts.

Duluth, Minn., Dec. 6.—Charles A. Towne went to St. Paul to receive from Governor Lind his commission as United States senator to succeed Cushman K. Davis, deceased. He will proceed at once to Washington. Before leaving he said his time of service would of course be short, but he might vote on some important measures. He considers the ship subsidy bill bad and is against it. His position on the standing army is that the people have voted to put down the war in the Philippines and he will vote to give army enough to do that, but not for an increase for any other purpose. He does not expect to participate in debate at all during his short term.

After American Art.

Paris, Dec. 6.—It has been learned that the French government has given John B. Cauldwell, director of arts at the Paris exposition, who sailed on the Deutschland last Friday a commission to sound certain American artists resident in the United States on the subject of the sale of some of their works. The French minister of fine arts has expressed the desire of the government to secure examples of the art of American painters living in the United States for the national gallery at the Luxembourg palace. This is one of the results of the excellent showing made by American artists at the Paris exposition.

Master of Ceremonies.

Washington, Dec. 6.—John Joy Edson was named as chairman of the committee having charge of the inaugural ceremonies. He has accepted. Senator Hanna, chairman of the Republican national committee, previously tendered the place to Theodore F. Noyes, who was compelled to decline the honor as his duties would not permit him to devote sufficient time to the position.

Girl Bound and Gagged.

Dayton, O., Dec. 6.—Burglars ransacked the home of David D. Campbell, bound and gagged Mr. Campbell's daughter Nellie, 18, and a featherbed tied over her head. When found she was unconscious and would soon have died of suffocation. Only a few trinkets were taken. This is the third burglary of this house. No clew.

QUEEN'S SPEECH.

Very Brief and So Was the Ceremony Receiving It.

London, Dec. 6.—A few minutes after the speaker, William Court Gully, had taken his chair in the house of commons the house was summoned to the house of lords, where the lord chancellor, Earl of Halsbury, read the queen's speech, as follows:

"My Lords and Gentlemen: It has become necessary to make further provisions for the expenses incurred by the operations of my armies in South Africa and China. I have summoned you to hold a special session in order that you may give your sanction to the enactments required for this purpose. You will not enter into other public matters requiring your attention until the ordinary meeting of parliament in the spring." A number of women witnessed the proceedings, but the peers present numbered less than a dozen, apart from the four royal commissioners representing the queen, among whom was the Duke of Marlborough. The ceremony was brief.

Report on Revenue Bill.

Washington, Dec. 6.—The house ways and means committee met in special session to consider the bill reducing war revenue taxes to the extent of about \$40,000,000 as previously framed by the Republican members of the committee and introduced by Chairman Payne. When the beer section was reached, fixing the rebate at 20 per cent instead of 7½ per cent, which makes the rate \$1.60 per barrel, Representative Richardson moved a further reduction of all the increase made by the war revenue act. The effect of this motion, if carried, would have been to make the rate \$1 per barrel. The motion was defeated by a party vote. The consideration by sections proceeded, the bill being preserved in the main as framed by the Republicans. The committee voted to report the bill as introduced, with an amendment making the act take effect on its passage instead of 30 days thereafter. All substitutes and amendments by the minority were defeated.

Sanction Not Necessary.

Philadelphia, Dec. 6.—The Pennsylvania road, whose officials gave notice to the stockholders at their last annual meeting that they would be asked to authorize an increase in the present authorized capital stock of the company at their annual meeting in March will not be required to obtain the sanction of the legislature, as has been erroneously stated, and as has heretofore been required. Beyond saying that the proposed increase in capitalization will be made Pennsylvania officials decline to discuss at this time the amount of increase which stockholders will be asked to authorize.

Tickers Tie Up a Railroad.

Fort Worth, Tex., Dec. 6.—A strike of all the men on the Gulf, Colorado and Santa Fe railroad belonging to the Order of Railway Telegraphers went into effect at 11 a. m. and every train between Galveston and Purcell is tied up. Bobs Given a Send Off.

Durban, Dec. 6.—Lord Roberts on board the Canada has started for Cape Town. He was given an enthusiastic send off. All of the ships in the harbor were decorated with flags. Miss Roberts, who accompanied her father, has returned to Johannesburg, where she will join her mother and sister, going from that place to Cape Town.

Ainger, Andover, O.; H. H. Newby, Sheridan, Ind.; Ramon Alfonso Rivera, Arecibo, P. R. Also some army and navy recess plums.

Morrison Murder Trial.

Eldorado, Kan., Dec. 6.—In the Morrison murder trial the state has closed its testimony and the defense has begun. OLEO IN THE ICE BOX

While the House Shapes Up Army Reorganization Bill.

SEVERAL AMENDMENTS ADOPTED.

One by Mr. Dick of Ohio Increases The Number of Paymasters—Virginia Member Gets In Amendment Against Toothache.

Washington, Dec. 6.—An arrangement was agreed to by which the consideration of the Grouse oleomargarine bill, which was to have come up Thursday under a special order made at the last session, was postponed until Friday and the house proceeded with the consideration of the army reorganization bill.

The Hepburn amendment to provide that vacancies in the quartermaster's department could be filled from civil life or from volunteer officers commenced since April 19, 1898, which was pending when the house adjourned Wednesday, was voted down without division. Mr. Hay (Va.) offered an amendment which was adopted authorizing the president to appoint 50 volunteer surgeons with rank of captain for terms of two years unless previously discharged. Mr. Otey (Va.) offered an amendment to empower the surgeon general of the army to employ not to exceed 30 dental surgeons, three of whom should be chief dental surgeons. Mr. Otey made a humorous speech in support of the amendment, urging every member to vote in the interest of 4,200,000 teeth. "Irrespective of party or the result of the late election," said he, "vote to rid the old soldier of the toothache." The amendment was adopted.

Mr. Bingham (Pa.) offered an amendment to provide for a corps of veterinary surgeons, one chief veterinarian with the rank of colonel, one assistant chief with the rank of major, four veterinarians with the rank of first lieutenants, 10 assistants with the rank of second lieutenants, 20 assistants with rank of second lieutenant of cavalry. Mr. Dick (O.) offered an amendment to increase the pay corps of the army by 11 paymasters. It was adopted. An amendment was adopted to increase the signal corps by 23 officers.

In the Senate.

Washington, Dec. 6.—In the senate a bill was passed amending the law providing for the construction of a bridge across the Mississippi river at Dubuque, Ia., so that the draw should be 175 feet instead of 200 feet. At 12:40 the senate went into executive session and the Hay-Pauncefote treaty was immediately taken up. Mr. Morgan of Alabama took the floor, making an argument in favor of the ratification of the treaty as necessary to secure the construction of the Nicaragua canal.

Heard W. C. T. U. Arguments.

Washington, Dec. 6.—A delegation of the W. C. T. U. now in session in Washington and others interested in temperance work was given a hearing by the house committee on insular affairs, in advocacy of Representative Littlefield's bill prohibiting the sale of liquor, opium and intoxicants to aboriginal tribes and native races of the Pacific islands. The women who spoke were Mrs. Stevens, president of the W. C. T. U.; Mrs. Mary Upham of Wisconsin, Mrs. Scoval of Minnesota, Mrs. Rounds of Illinois, Mrs. Gulick and Misses Leetch and Brehm. J. W. Cummings of New York, of the National Temperance society also was present. Mr. Littlefield explained his bill and urged the necessity of adequate legislation to prevent the spread of drinking in the Philippines, Hawaii and other Pacific islands. Misses Leetch, Brehm and others were heard along similar lines. It was pointed out by members of the committee that the measure was rather broad, specifying that if "any American citizen sells" etc., to any aboriginal natives, etc. It was stated that this would apply to Delegate Wilcox of Hawaii, when he came to Washington, as he is a native. The committee took the measure under advisement.

Washington, Dec. 6.—General Superintendent of the railway mail service has issued a general order directing that hereafter all mails for the province of Santiago, Cuba, shall be forwarded as far as possible from Philadelphia instead of New York. The change makes a saving of from three to four days in sailing time.

JUDGE O'REAR has received his certificate of election from the State Board of Election Commissioners, and some Republicans hereabouts will now sleep a little easier.

The accuracy of the Courier-Journal's election returns is shown by the fact that Governor Beckham's official majority is only twenty-one votes less than the Courier-Journal's figures. The Courier is all right these days.

A REPUBLICAN SPEAKS OUT IN MEETING.

In discussing the Army bill Wednesday Congressman McCall, of Massachusetts, himself a Republican, scored the Hanna-McKinley Philippine policy, and incidentally disclosed some figures showing the enormous cost of the army, coupled with the pension system.

Although temperate in language, he was plain spoken in his warnings of the dangers which lay ahead of the Government if a colonial policy was persisted in, says a special. He also criticized technically several features of the bill, especially that lodging in the President discretion to expand or reduce the size of the army at will. In concluding he likened the unconquerable spirit which opposed our way in the Philippines to that of Washington at Valley Forge. Love of independence, he said, "was the noblest heritage of the human heart." He declared that the United States should immediately give the Filipino people honorable assurance that they should have a government of their own.

Mr. McCall said such a grant of power could not be paralleled in the constitutional monarchies. It was not conferred with any limitation as to time. The bill proposed a standing army of 100,000 men. Such a number, he said, was not needed.

"A temporary provision should be made for the Philippines, and the character of the bill made it important to discuss what the ultimate policy of the country with reference to the army should be. The Government should have declared at the outset a policy in the Philippines similar to that declared in Cuba. Our system of government was manifestly unfit for a colonial policy, and that proposition has been so frequently discussed that he would consider the practical question whether it was for our interest to remain in the Philippines. There was no community of interest between the people of those islands and the United States, and they were almost as far as the poles asunder. "No advocate of retaining the Philippines had been daring enough to maintain that they should be a part of our political system. In fact the great argument in favor of the principle of the Porto Rican tariff was that if we could apply that principle to Porto Rico we could not retain the Philippines. Upon what theory," he asked, "are we to remain in that country?"

"The motive that had been most widely put forth was that it was for our advantage, and especially our pecuniary advantage. As a part of the cost of this policy we are to include the greater expense under this bill, which is the first born and legitimate offspring of the policy.

"Those who compare our standing army with the standing armies of Europe usually are careful not to compare the relative costs. The French army costs \$125,000,000 a year, the German \$130,000,000, the British \$100,000,000 and the Russian \$153,000,000. These figures include pensions and fortifications. If this bill passes the War Department will need \$113,000,000.

"There is another cost not included in these figures, which is a necessary incident to an army and as much a part of its cost as the pay of the soldiers—that is the pension system. We are appropriating for that purpose \$145,000,000 a year. Our total charges, therefore, for military purposes are about \$260,000,000 per year—an amount greater than the joint military expenses of those two armed rivals, France and Germany."

In conclusion, Mr. McCall pleaded that in dealing with the Philippines we pursue the American precedents, and said: "The time has come when we can frankly declare our purposes. Let us give these people those assurances which our history inspires."

INTENSE

Is the Feeling at Catlettsburg
Against Gibson.

He Intimates That the Object of the Murder Was to Secure a Paltry Insurance Policy.

A prominent citizen of Boyd County, who was in Maysville last night, informed the BULLETIN that the feeling at both Catlettsburg and Ashland against Gibson, the child murderer now in jail here for safe keeping, is intensely bitter. The gentleman intimated that it would require a regiment of soldiers to prevent the infuriated people from lynching Gibson when he is taken back for trial, and added that a mob of 5,000 people could be assembled on half an hour's notice.

Asked if he thought any effort would be made to bring a mob here from Boyd and attempt to take Gibson from the Maysville jail, the gentleman said such a move would not surprise him at all. He said they could board a steamer there at 6 p. m. and reach Maysville at midnight, and that they would not be required to charter a boat either.

After Gibson had a good nap Thursday he seemed more inclined to talk. To a reporter he intimated, in his cautious way, that he is not the only guilty one, and that the obtaining of a paltry sum of \$100 was one of their objects. Criminal like, he is probably telling this story to try and shift a part of the burden for the heinous crime upon other shoulders.

It is learned from a reliable source that the worst features of the brutal crime have been concealed by the authorities of Catlettsburg, their object being, if possible, to allay the bitter feeling against Gibson.

Gibson has already become very "chummy" with some of the other prisoners in jail, and at 8 o'clock last night was found laughing and joking with them. When any one enters the jail, Gibson flees to his cell and remains there until he finds out who the visitor is.

Rev. Dr. J. W. Porter will arrive home to-day from Owenton where he has been engaged in a successful meeting. At last accounts there had been thirty-seven additions to the Baptist Church as a result of his work at that place.

The steamers Bonanza and Virginia collided shortly before daylight Wednesday morning near Manchester. Im- mense!

More so than ever before is the enormous stock of goods I carry, but you can only get a full conception of the magnitude by coming and seeing for yourself, which all are specially invited to do. Being encouraged by my largely increased business of the last year my purchases for the season now at hand have been enormously heavy in order to meet the rapidly growing demands of my trade, which is not now confined to retailing exclusively, but I have a large and steadily growing

WHOLESALE TRADE,

Which has to be supplied with the better class of goods, that are not to be found in many of the jobbing houses. I was early in the market, which enabled me to make my purchases exclusively for cash—before the advance in prices of many of the leading articles. Therefore, I am prepared to successfully meet any and all competition. I handle nothing but the best goods, all of which I buy directly from the producers in large quantities at prices as low as any jobbing house in the State. I am always in position to sell the very best goods at prices as low, or even lower, than you pay for common, stale and trashy stuff at other places; besides I carry in stock many articles that can't be found in any other store in our city. Special attention is called to my very large and superior stock of

New Crop Plantation Molasses,
Pure Lewis County
Sorghum,

Green and roasted Coffee, Sugars and fine Teas, immense stock of canned goods of all kinds, pure Maple Syrup and Sugar, the finest brands of Hams, Breakfast Bacon and Leaf Lard, put up specially for my trade. Pure Buckwheat Flour, Pancake Flour, Whole Wheat Flour, Graham Flour, Cereals of all kinds, Poultry, Game, Oysters, Cranberries, Apples, Oranges, Lemons, Bananas, Figs, Dates, Raisins, Citron, Lemon and Orange Peel, Olives, finest Cream Cheese, Swiss Cheese, Fine Apple Cheese, Mince Meat, Preserves, Catsup, fine Pickles—sour and sweet—in fact everything to eat of the very best. In addition, and specially for the holiday trade, I have laid in an immense supply of

Candies, Nuts, Fireworks,

which will be sold at net cost to my customers as a Christmas treat. And don't forget the Perfection Flour is the best and that my fine blended coffee has no equal.

People from the country are invited to make my house headquarters when in our city. I run two delivery wagons regularly and all goods will be delivered to any part of city promptly. Come if you can, but if you can't come call up PHONE 13.

The Selection of a Gift

Is the problem many will soon be called on to solve. There is a growing tendency toward the giving of USEFUL gifts, a custom that will probably prevail to a greater degree this year than ever before. We have drawn rather heavily on Santa Claus' wonderful storehouse this season and have selected an unusually handsome line of goods of a substantial nature which will make very acceptable Christmas presents. These goods are now being unpacked and placed on our shelves and in our show windows. The list comprises such durable goods as these:

CARVING KNIVES IN SETS,
ELEGANT BRASS FIRE SETS, BEAUTIFUL COAL VASES,
TRIPLE-PLATED KNIVES AND FORKS, PEARL-HANDLE KNIVES AND FORKS,
FINE PEARL AND STAG POCKET KNIVES,
SCISSORS IN CASES.
